

Table of Contents

Alexe Constanta, Pricop Simona - Influence of the fertilization on the maintaining of the quality of croton plants (<i>Codiaeum</i>) cultivated in pots	1
Bădulescu Adriana - The production commodity quality indicator of table grapes obtained to INCDBH Ștefănești-Arges	6
Bădulescu Adriana - Applying green special operations and increase production of table grapes in the vineyard Ștefanesti-Arges	12
Caplan I., Alexe Constanta - Assessment of fruiting precocity of some cherry varieties according to the fruit production in the first year of fructification	16
Paica Al., Sicuia Oana-Alina, Petrisor Cristina - Comparative analysis of different DNA isolation methods for <i>Trichoderma spp.</i> Strains used as biocontrol agents	22
Fora C.G., Poșta D.S. - <i>Cydalima perspectalis</i> Walk. (Lepidoptera: Crambidae), a dangerous pest of <i>Buxus sempervirens</i> in Timis County, Romani	26
Drăgulescu Aneta Anca, Dobrei Alina Georgeta, Dobrei A., Mălăescu Ioana Mihaela, Negoită Ramona - Researches upon the physico-chemical features of some wine vine varieties, cultivated at 'Dealu Mare' Vineyard	32
Ciulca S., Sumalan R., Adriana Ciulca, Botnarescu F. - Study of yield components for some Romanian tomato landraces under greenhouse conditions	36
Balint M., Poșta Gh. - Research on the Interaction between Genotype and Technological Factors in the Expression of Some Yield Features in the Macău Onions Cultivated in the Belinț Vegetable Basin, Romania	42
Bere Semeredi A. A., Berar V. - Study of plant yield for some paprika cultivars under different fertilization treatments	53
Bere Semeredi A. A., Berar V. - The response of paprika yield to different nitrogen level	58
Ciulca Adriana, Madosa E., Velicevici Giancarla, Ciulca S. - Genetic analysis for test weight in six-row winter barley	63
Ciulca Adriana, Madosa E., Velicevici Giancarla, Ciulca S. - Combining ability for some grains morphological traits in winter barley	67
Moldovan Iulia-Adriana, Băla Maria - Analysis of aquaponic organic hydroponics from the perspective of setting costs and of maintenance on substratum and floating shelves systems	73
Moldovan Iulia-Adriana, Băla Maria - Adapting the flower species <i>Sparaxis tricolor</i> to aquaponic organic hydroponics	77
Madoșă E., Velicevici Giancarla, Ciulca Adriana, Petrescu Irina, Sasu	81

Lavinia, Ciulca S., Sărac I. - Studies on the variability of biotypes of Jonathan apple variety, from southwestern Romania	
Popa Liliana - Art in the public space and its relation with landscaping	84
Popa (Mercioiu) Liliana - Living Vegetation in Contemporary Art	94
Hernea Cornelia, Trava I.D., Borlea Gh. F. - Biomass production of some Swedish willow hybrids on the West of Romania. A case study	103
